

Time limited offer

DL850E/DL850EV ScopeCorder

Buy a ScopeCorder with 4 modules and get the 4th module for free*

The ultimate mechatronic measurement solution

Overcome the limitations of regular oscilloscopes and experience the ScopeCorder platform, providing:

- An all-in-one system - combining up to 128 channels, signal conditioning and isolation in a single instrument.
- High flexibility - directly connect sensors and signals to the modules and switch modules to adapt the system to the application.
- Ease of use - get started immediately using the oscilloscope-based user interface and setup your system in minutes.

*Offer valid until the 30th September 2016 in Europe. Not valid in combination with other ScopeCorder offers. Valid for any combination of 3 out of 19 available modules. Discount applies to the lowest priced module.
